## Permaculture: What it is Why you might care

**Attend a Presentation on January 29th, 1-3pm at the Falls Church Community Center, 223 Little Falls Street in the City of Falls Church, Virginia 22046.**

**Come learn from a creative and Certified PERMACULTURE Designer why PERMACULTURE is a way of living that seeks to build, support, and enrich urban sustainable communities:**

- **Look for simple solutions for local problems**
- **Consider the challenges of land use, food production and distribution in a crowded world**
- **Learn how *YOU CAN* do it:**
- **in/on your own yard/apartment/roof/balcony/windowsill!**
- **Look for niches that you can fill and contribute to the overall health of your community**

**Through exercises we will play with concepts of renewability and interdependence.**
